

Let Us Know What You Did

Thank you for helping inform parents and caregivers about the need to use booster seats and to make sure all children are buckled up correctly in the back seat in seat belts, booster seats or child safety seats. We are making a difference and saving countless young lives by getting more children properly buckled up.

Let us know who you are and what you've done. Please list any innovative ways you have used to help reach parents and caregivers in your community about this serious problem. Simply copy, fill out and fax back this form.
